Ye are no more strangers and foreigners, but felloweitizes with the saints, and of the household of God, (Ephesians 2119).

Through the years, these words from the ancient creed, "I believe... in the communion of saints" have had great meaning to us in our family devotions. We feel that we have unseen Christian friends not only in our own country, but also in many other lands. The spirit of Christ binds us together in His service. About three years ago our twelve-year-old daughter slipped away into eternity. It was she who had from the ago of three insisted that we make family devotions a real part of our lives.

"Don't forget Tippy's treat!" Even if we're a bit late leaving for church, Susan and Mark must take their paper bag of surprises for Tippy the squirred. Tippy lives in the park beside the church, and he's one of many happy, fleart-warming things that our family looks forward to on Sundays.

We are rearing our children in the Christian fishib because we know from our own experience how much it means to young people growing up. Without a right sense of values, youngsters are so likely to get into trouble.

Already Susan and Mark are learning to trust in the loving protection of God, and to turn to Him with their little problems. Through the stories of Jesus they are beginning to understand what it means to follow Him. We pray that this childhood pattern will strengthen and form a steadfast foundation for the whole of their lives. No parents could ask for more.

For a full season — five months — and a record of "no mishaps." 70 of the approximate 90 drivers of tractors, tractor-trailers and trucks for the Glades Sugar House received prise money totalling some \$3,000 and Wheeling tractor-trailers over the Glades roads with an approximate 20 tons of cane, and making a schedule is a real trial of a driver's ability and consideration for other road users; the same applies to the many "straight jobs" used in the cane harvest.

Handling the rubber-tired tractors, pulling loaded and empty field wagons and placing them properly with the moving loaders, as well as on and off the mobile loaders — from field wagon to the trailers — without a MISHAP again shows knowledge of the jobvand consideration for other drivers and equipment. This safe driving was recognized materially by the Sugar House.

Mr. Ouellette Called By Death Of Father

By Death Of Father
Hector Outlette, principal of South Bay School, received word Wednesday a. m. of the sudden death of his father, Charles E. Outlette from a heart attack, Mr. Ouellette left Wednesday night by plane for West Lynn, Mass. No further details were available at press time of the services.

The summary of the services were well known in South Bay, having just spent the winter months with their son and family in South Bay.

In the Glades Be Sure to See and Hear

E.W. (Bud) WEAVER

N many parts of the world, people like you and me are denied a privilege which is priceless – the right to cast free, independent vote

As busy as you are in the Glades, do find time to vote in Tuesday's election. Vote as you please but vote.

It's not a long ballot. But it can be the most important election before the people of the Glades for four years.

I refer specifically to the County Commission race, District 5, which is the Glades. Since no Republican offered, there will be no later contest. With just two of us, Tuesday's election is it. There can be no run-off later.

In this race ti's E. W. (Bud) Weaver against the incum-bent. For the first time in eight years the office holder has been challenged. It's Bud Weaver, and a fresh deal for the Clades, or, a continuation for another four years of the par-time representation that you've had for 20 years.

Many people say the present commissioner has had the job long enough. Frankly, I agree. I've lived and worked as a drainage, water control engineer in the Glades almost the whole 20 years Mr. Rardin has been the part-time commis-sioner. "It's really time for a change" is what you hear more

and more.

Is it possible a man can get such a hold, such a grip on an office that he thinks he owns it? No man should feel bigger than the office itself. Is it possible a man in 20 years can develop attitudes, methods of dealing with his central favoritism on the one hand, haughliness, arrogance on the other in the one hand, haughliness, arrogance on the other should be such as missed a lot of meetings. He must not himself realize hold off office of the should be such that the best of 100 or more people at Delray Beach that he be dealed only two meetings in 20 years.

want no more roads built on a personal preference basis.

We need more visitors in the Glades, we need more people to understand the Glades. I was appalled when I started my campaign on the coast to find out Mr. Rardin simply was not known, that the coast to find out Mr. Rardin simply was not known, that my complete to the coast to find out Mr. Rardin problems. It is given to be different with Bud Weaver. I am going in a champion of the Glades throughout Palm Beach coardy, work with the other commissioners in a coopergive way. That has not been the rule of late. It's all going to be of benefit to the Glades, believe me.

Let me ask you to do next Tuesday for E. W. (Bud)
Weaver what you did for Mr. Rardin 20 years ago. He asked
you to cled him over the man then in office. I ask you
NOW if you don't think 20 years is long nough for a man
to hold on, to have done what he hoped to do.

O MOID ON, TO NAVE done what he hoped to do.

Give E. W. (Boul Weever of chance to he the kind of public office holidar you want, and that he pledges to be in your behalf. When you go into the control you and the time both fuesday not you can the tod know how will know to make you will know to the tod know shall be gradeful for your upport.
